The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit, room B8024 of the main Department of Commerce building. Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we have recalculated JSW Steel Ltd. and JSW Coated Products Limited (collectively, JSW) weighted-average dumping margin to (1) use the correct program language for weight averaging the manufacturer-specific cost data; (2) use modified program language so as to not make an export subsidy adjustment to sales after the expiration of the provisional measures period in the companion countervailing duty investigation and before the publication of the ITC's final injury determination during the underlying investigation of this proceeding (*i.e.*, March 5, 2016, through July 20, 2016);³ and (3) use the most recently completed proceeding (*i.e.* the *CORE*

Final Results of the Review

We determine that, for the period of January 4, 2016, through June 30, 2017, the following weighted-average dumping margin exists:

Exporter/Producer	Weighted-Average Dumping Margin
JSW Steel Ltd./JSW Coated Products Limited	22.57 percent

Duty Assessment

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by JSW for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results

from China, India, Italy, Korea, and Taiwan; Determinations, 81 FR 47177 (July 20, 2016).

of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for JSW will be the rate established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 0.00 percent, the all-others rate established in the investigation.⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern

business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.
